Ngosa

Is very much involved in a Bible school at Kashikishi. We are in the process of helping him to repair his photo copier. He shared his burden to broadcast on the local Radio station.

We also crammed in as many New Testaments into our baggage as possible.

Jean Luc's wife Rita rescues orphaned babies. She provides medical care, clothing & a tin of baby milk once a week.

Invite to a Curry night hosted by the Studds who kindly provided us with safe transport to Lusaka to our friends Ian & Marilyn who lodged us. So pleased to see our friend Ruth who came from Congo for a few days.

Thanks to all who prayed for our trip.
